

FOUNDATION DEFENSE LLC

Security Analysis • Prioritizing Issues • Protecting Your Business
SBA-CERTIFIED SDVOSB | CAPABILITY STATEMENT

COMPANY OVERVIEW

Foundation Defense LLC is an SBA-certified service-disabled veteran-owned small business (SDVOSB) based in Upstate South Carolina, delivering cyber and physical security services to government agencies and businesses. Foundation Defense finds security gaps, ranks which to fix first, and strengthens protection. Every engagement starts with a meeting to define the scope of work.

CORE SERVICES

- **Security Analysis:** Find issues in the vital technical areas of your business before they become costly or catastrophic problems.
- **Prioritizing Issues:** Know which concerns to tackle first, so your time and money go where it matters most.
- **Protecting Your Business:** Better security for your technology, data, and customers.

CORE COMPETENCIES

- Security analysis of networks, systems, and web applications
- Vulnerability scanning with prioritized findings
- Hardening guidance for endpoints, servers, and networks
- Secure configuration and access control review
- Source code security review
- [Physical security assessment and security systems](#)

WHY FOUNDATION DEFENSE

- [Service-disabled veteran-owned: owned and operated by a service-disabled Marine Corps combat veteran with a background in physical and technical security.](#)
- **Focused scope:** three core services, done well.
- **Experience:** prior work in security and with contracts.
- **Direct access:** work directly with the principal.
- **Secure communication:** encrypted email and secure messaging (Signal).
- **Flexible teaming:** available as a prime contractor or as a subcontractor/teaming partner.
