

FOUNDATION DEFENSE LLC

Cybersecurity built on a solid foundation.

VETERAN-OWNED | SECURITY SERVICES

Security analysis and services for your business.

Security Analysis

Find the security issues in your business's technology before they become costly problems.

Prioritizing Issues

Know which concerns to tackle first, so your time and money go where it matters most.

Protecting Your Business

Better security for your technology, data, and customers.

WHO WE ARE

Led by an experienced combat veteran with a background in physical and technical security. CompTIA CySA+, Security+, Network+, and A+ certified.

HOW IT STARTS

A short meeting to understand your situation and figure out what works for you.

LET'S TALK

Let's set up a meeting to go over your security needs and what might help you.
